Shakeup From Il Duce To The Italian Navy

In Midst of The
Changes Two High
Officers Killed

ROME, Dec. 9.—(P)—The Italian high command announced today that Italy's 11th army had withdrawn to a new defense line north of Argirocastro, Southern Albania. (The Greeks announced occupation of Argirocastro yesterday.)

"The eleventh army," the high command's daily war bulletin asserted, "completed its orderly withdrawal without loss of men or material on a line north of Argirocastro and minor surrounding localities."

In the 9th army sector, it added, "repeated enemy attacks were repulsed by our troops, which had launched numerous victorious counter attacks."

The Italian navy, as well as the army, functioned under new command today after a shake-up by which Premier Mussolini apparently intends to intensify the nation's war efforts.

Admiral Arturo Riccardi, 62, became naval chief of staff and undersecretary of the navy—Premier Mussolini holds the naval portfolio himself—following the resignation yesterday of Admiral Domenico Cagagnari. Admiral Angelo Jacchini was given the title "commander of the fleet at the sea," and Admiral Inigo Campione was made vice chief of the naval staff.

Loses Two Generals
In the midst of the series of changes—which placed two army leaders, Marshal Pietro Badoglio and General Cesare Maria De Vecchi Count Di Val Cismone, and a naval leader on the retired list in three days all at their "own request"—Il Duce lost two of his generals in an airplane crash in Northern Italy Saturday.

One was General Aldo Pellegrini, 52, his chief of civil aviation, the other General Pietro Pintor, 60, head of the armistice commission dealing with vanquished France.

Changes in the political ranks of Mussolini's fascist government were expected in some circles to be in the offing to complete the current replacements of keymen.

Il Duce moved on three successive days to supplant his commanders with trusted lieutenants expected to carry out his orders vigorously and produce military success.

Only the air command, headed by General Francisco Pricolo, which has borne the brunt of the war in the Mediterranean, has remained intact.

What began with the announced resignation of Badoglio for his own reasons, presumably having to do with the unsatisfactory turn taken by the Greek campaign, quickly turned into a thorough shake-up, as General Ettore Bastico replaced De Vecchi as commander of the Lodecanese islands and Admiral Cagagnari stepped down.

President Calls At Martinique

By DOUGLAS B. CORNELL
ABOARD U. S. S. MAYRANT
AT SEA, Dec. 9.—(AP by Radio)—President Roosevelt was off on another leg of his Caribbean defense inspection cruise today after a stop late Sunday off the French island of Martinique, potential trouble spot.

Lying hove to in full view of the French aircraft carrier Bearn at Fort De France, the cruiser Tuscaloosa, on which the President is traveling, was the scene of an hour's conference between Mr. Roosevelt, U. S. Consul Brockner and Naval Captain Ernest J. Blankenship, American observer on the island.

The American officials were carried to and from the Tuscaloosa on the destroyer Sims, which has been on neutrality patrol in the area.

After the conference, the Tuscaloosa and her escorts—this destroyer and the destroyer Trippe—put to sea.

Earlier, the President devoted many hours inspecting strategic U. S. aviation outposts protecting the eastern approaches of the Caribbean at St. Lucia, a small British island in the lesser Antilles.

Facilities for seaplane operation acquired from Great Britain in the destroyer exchange already are in operation there.

Find Auto Burned North of Sedalia

The police received a report this morning a Plymouth car was found burned north of Sedalia. It was said the license on the car was believed to have been issued to a Sedalian for a Ford car.

Sergeant P. E. Corl and Trooper Rumans are making an investigation of the report.

No report was made to the local police of the theft of a Plymouth or a Ford car, it was said by Desk Sergeant George Maness.

Three Missing Pilots Sought In Wide Search

Disappeared In
Flight Over Lake
In Battle Bomber

PINGAL, Ontario, Dec. 9.—(P)—A search was organized today for three Royal Canadian air force fliers who disappeared in a fairly battle bomber during a routine flight over Lake Erie yesterday.

The missing men: Flying Officer L. A. Hodd, of St. Joseph, Mo., whose next of kin reside in Adrian, Mich.; Aircraftman E. W. Bourne of Oshawa, Ont., and Aircraftman John Henry McNally of Minaki, Ont.

The bomber, towing a target for gunnery practice for another plane, turned into a bank of clouds at a height of about 1,000 to 1,500 feet and was not seen again. The other plane searched for a time and fishing tugs from Port Stanley set out to help, but without success.

Hood was one of a number of American pilots stationed at No. 4 Bombing and Gunnery school here, from which the missing plane took off.

United States coastguard vessels set out from the American side of Lake Erie today to join in the search.

All available planes from the No. 4 Bombing and Gunnery school here, the bomber's base, and numerous Port Stanley fishing tugs were engaged in the hunt from the Canadian side.

Fliers from the school cruised continuously over the area where the plane last was seen, flying over the waters but without finding anything to confirm a growing fear that the bomber had plunged into the lake. Visibility over the lake was good.

British Sieze Nazi Freighter

WASHINGTON, Dec. 9.—(P)—The Navy Department said today the German freighter Idarwald was in possession of the British cruiser Diomedes after an unsuccessful attempt to run the British blockade from Mexico.

Navy sources said the British warship seized the Idarwald after the crew of the German vessel had attempted to scuttle her.

Navy officials declined today to discuss any further details.

Representative Wood Leaves For Home

WASHINGTON, Dec. 9.—(P)—Representative Wood (D-Mo.), defeated for reelection in November has left Washington for his home in Springfield, Mo. He said he would not return unless some important matter of legislation arises before the next congress convenes.

Wood, for 27 years president of the Missouri Federation of Labor, was defeated by Phil Bennett, Republican.

Cite Ways of Saving On Farmer-Aid Administration

By OVID A. MARTIN

BALTIMORE, Dec. 9.—(P)—The American Farm Bureau Federation studied a report by its research staff today that the New Deal, through operation of its multi-million dollar farmer-aid programs, had built up large official staffs that threatened to place agriculture under "costly bureaucratic control."

The report was prepared under direction of W. R. Ogg, the farm organization's Washington representative and research director. It was laid before the resolution's committee of the federation's 22nd annual convention opening today.

Officials said the resolution's committee planned to invite Secretary of Agriculture Claude Wickard, AAA Administrator R. M. Evans and other agriculture department officials to discuss ways of decentralizing administration of farm programs. Wickard and Evans are scheduled to address the convention.

The Ogg report, withheld for the time being, was said by officials to show that as many as seven different agriculture department agencies, each with its own staff, were administering programs which had virtually identical objectives. The report, it was said, cited ways of saving "several million dollars" annually in administrative expenses.

Argue Over Aid U. S. Is To Give Britain

Balance Sheet of
British Resources
Not Offered Today

WASHINGTON, Dec. 9.—(P)—Sir Frederick Phillips, under-secretary of the British treasury, cancelled an appointment he had at the treasury today at which he was expected to present a "balance sheet of British resources and the cost of supplies in the United States."

Phillips told reporters after visiting Secretary Morgenthau Friday that he would present such a statement Monday.

Treasury officials said Sir Frederick apparently had not completed the data which he planned to present. They added that no new appointment had been made, but that they expected Sir Frederick tomorrow.

Fresh Arguments

Meanwhile a fresh series of arguments for and against greater aid to Britain were advanced on Capitol Hill.

On the congressional front, Senator Adams (D-Colo.) told newsmen that Britain should have at least 60 per cent of American aircraft production, instead of the prevailing 50 per cent.

"We have a considerable number of defense planes now," Adams asserted. "We have enough to protect us against any immediate attack."

"As long as England has planes Hitler is not going to try to attack the United States."

Senator Nye (R-ND) retorted that an increased allotment of aircraft to Great Britain "would jeopardize our defense."

"I am afraid," said Nye, "that when the 50-50 allotment was agreed upon we ultimately would be increasing Great Britain's share, even to giving them all our new planes."

Nye said he anticipated an effort in the new congress to wipe out entirely the existing neutrality act, which forbids the transportation of goods to belligerents in American shops and stipulates a "cash-and-carry" policy for purchases in this country.

The North Dakota senator declared it was "too silly to contemplate" that.

Judge Hoffman Rotary Speaker

The Sedalia Rotary club held its regular weekly luncheon at the Bothwell hotel at noon today with Judge Dimmitt Hoffman giving the principal address. Judge Hoffman used as his subject "The Constitution of the United States."

The speaker was introduced by Don S. Lamm.

It was announced at the meeting that Dr. A. G. Hausam, who is in a St. Louis hospital, is improving and would be back in Sedalia soon.

A musical program is being arranged for the meeting on Monday, December 16, Program Chairman Fred Brink announced today. Visiting Rotarians today were Chris Johnson of Warrensburg and Ellsworth Green.

The monthly meeting of the Rotary board of directors will be held Wednesday noon at the Bothwell hotel. On December 23, the club will hold its annual Christmas party.

Ernest Thompson, president, presided over the meeting.

Clinton Boys Die After Wreck

CLINTON, Mo., Dec. 9.—Joe Ed Frieze, 16 years old, and John Graham, 18, both seniors at the Clinton high school, were injured fatally early Sunday and two other boys were knocked unconscious for several hours when the car in which they were riding failed to make a curve at the junction of highways 13 and 35 at the north edge of Clinton.

Frieze and Graham, with the two other boys, Arthur Lee Wilson, a freshman at the Clinton high school, and Eugene Wade, were members of an orchestra playing at a roadhouse on highway 35 and the manager allegedly had secured a ride back to town for them with Robert Phillips and Joe Beck, Jr. A Miss Lucine Davis was also in the car but was not reported injured.

Graham, who received a broken neck, died on the way to a Clinton hospital and Frieze, who received a crushed chest, a fractured skull and broken jaw, and ruptured lungs, lived about an hour and half.

Say Aid Funds Are Inadequate

Welfare Body To
Submit Report To
The Legislature

ST. LOUIS, Dec. 9.—(P)—The Missouri Association for Social Welfare says in a report prepared for submission to the legislature that thousands of destitute families in the state "are being crushed or broken up" by the lack of general relief funds.

"The pitiful plight of these families in both cities and rural areas constitutes an urgent demand for larger state appropriations for general relief," declares the report.

The inadequacy of relief funds, the review asserts, means that children in these families are "destined to become problems of the future" because they are "living under distressing conditions of malnutrition, disease and suffering."

A 3-point legislative program was recommended by the association to alleviate these conditions:

"1.—Substantial increase in funds available for general relief and aid to dependent children. Federal grants-in-aid for general relief, including federal aid to transients, should be re-established. Until this is accomplished, the state legislature should assume the responsibility for providing adequate funds for general relief, either wholly from state sources or in part through compulsory local participation on the basis of ability to pay."

"2.—Substantial increase in state funds for administration and service costs of general relief, old age assistance, aid to dependent children and child welfare services."

"3.—A comprehensive study of children's needs in Missouri with special attention to children included under the Social Security program and to the continuation of the unfinished work of the Children's Code Commission appointed in 1938."

Copies of the report have been mailed to all state officials and members of the legislature.

The Missouri Association for Social Welfare, a state-wide organization with members representing various welfare agencies, is headed by Arthur W. Nebel of Columbia.

Accord Duke Police Guard

MIAMI, Fla., Dec. 9.—(P)—A police guard of the elaborate proportions usually accorded only to the President of the United States has been assigned to the Duke and Duchess of Windsor for their arrival here tomorrow from Nassau. Traffic Inspector William M. McCarthy said 50 policemen would guard the pier where the famed yacht Southern Cross will dock with the former British king and his wife.

An escort of 20 motorcycles will accompany them to a Miami Beach hospital where the Duchess will undergo a major dental operation. Authorities gave no reason for the extraordinary police preparations.

The Duke, governor of the British Bahamas, let it be understood he would make no public appearances while in the United States. The royal governor decided yesterday to accept the use of the Southern Cross, owned by Alexis Wenner-Gren, Swedish industrialist. A half-day delay in the sailing schedule of the S. S. Munargo, on which passage had been booked, caused the change in plans.

Aides to the Duke in Nassau said the extra time through use of the Southern Cross was considered valuable in permitting the Duchess to recuperate partially before returning to the Bahamian capital aboard the Munargo Friday.

The yacht will dock at the same pier from which President Roosevelt embarked last week for a Caribbean cruise aboard the cruiser Tuscaloosa.

W. W. Graves Not Be Disbarred

JEFFERSON CITY, Dec. 9.—(P)—The state supreme court decided today that disbarment of W. W. Graves as an attorney "would not be justified and the former Jackson county prosecutor was given only a "severe reprimand" for the "official misconduct" which caused his recent ouster from office.

The action was taken by the court after Graves announced that "to save further expense and embarrassment" he would not contest any disciplinary action which might be taken against him.

"I am willing," he said, "for the court to decide any disciplinary question on the record of the ouster proceedings."

Today's action does not affect Graves' ouster as prosecuting attorney which recently became final after 18 months of litigation. It only removes the possibility of Graves being barred from practicing law.

Economy Hunt To Cut Expense

Plan 'Cut To Bone'
On All But The
Defense Bills

WASHINGTON, Dec. 9.—(P)—Work started today on the first of the new appropriations bills, and two leaders of the House Appropriations committee posted advance notice that nothing—not even defense items—would be considered sacred in the hunt for economies.

As two subcommittees tackled the first money bills for the 1942 fiscal year, Chairman Taylor (D-Colo.) said:

"Everything that can't be measured by the yardstick of national defense is going to be cut to the bone. We are going to give the defense bills the most careful scrutiny, but you can't adopt a hard and fast rule about them."

"We'll be inclined to go along with those defense fellows when they come before the committee for money. They're great men and ought to know what is best for the nation."

Rep. Woodrum (D-Va.), one of the House economy block leaders, echoed Taylor's views but expressed the opinion that "Congress already has over appropriated in almost every instance for national defense."

"Now is the time for a sort of post-audit," Woodrum said. "It may be that a lot of money already appropriated and not yet used can be diverted to what the generals and admirals now think is the greatest necessity."

Just what will be asked from the next Congress in the way of defense appropriations has not yet been indicated. The army, however, is planning to seek \$400,000,000 for the construction of scores of additional munitions plants, to add to the \$800,000,000 chain now building. The navy in another weekend announcement said that it wanted \$300,000,000 for major improvements in the anti-aircraft defenses of its fighting ships.

Tentative Labor Scale Announced

SPRINGFIELD, Mo., Dec. 9.—(P)—Jefferson City and Springfield union men in conference with the Decatur Construction Company have agreed on a wage scale for workers on the new army training center to be constructed in Pulaski county.

Tom McFarland, Springfield Central Labor Union secretary, said the company and unions had agreed on 50 cents an hour for common labor, \$1 an hour for carpenters and \$1.50 an hour for electricians. The scales are temporary until a permanent scale is fixed and approved by the department of labor.

Headless Body Is Found By Hunters

SEYMOUR, Mo., Dec. 9.—(P)—The headless body of a man found by two opossum hunters in an isolated sector 10 miles from here was identified by Coroner K. K. Kelley as that of Joe Grigsby, a farmer missing nearly two months. Kelley said Grigsby evidently had hanged himself. Part of a belt was found on a tree limb and the remainder around the neck of the body. Kelley said Grigsby had been in ill health. The coroner said he believed the head had been carried away by an animal.

Read New Testament In 17 Hours 40 Minutes

McLOUTH, Kas., Dec. 9.—(P)—The entire New Testament can be read in 17 hours and 40 minutes.

At least that's how long it took 71 members of the Methodist church. They started at 3 a. m. yesterday and finished at 8:40 p. m.

It's an annual custom, started four years ago by the Rev. Robert B. Alexander.

Italians Leave War Material As They Flee

Greeks Launch In
A Fierce and Swift
Pursuit Attack

CAIRO, Egypt, Dec. 9.—(P)—British forces have made contact with the Italians "on a broad front" in the western Egyptian desert and have taken 500 prisoners in an engagement south of Sidi Barrani, the British African command declared today.

This front has long been dormant, with the British apparently content to prevent the Italians from driving further into Egypt from Sidi Barrani, 70 miles inside the western frontier.

The action was described as between British "advance elements" and the Italians.

The Italians, under Marshal Rodolfo Graziani, drove across the Libyan-Egyptian frontier early in the Italian-British conflict and marched along the coast to Sidi Barrani with little opposition. From there they have made little important progress for the last three months.

By MAX HARRELSON

ATHENS, Dec. 9.—(P)—Fierce fighting beyond Argirocastro was reported today between Greece's advancing army and the Italian rear-guard, strongly entrenched to cover the retreat of the main Fascist body to the north and west.

With Argirocastro, last of Italy's southern Albanian bases behind (Please Turn To Page 4, Col. 3)

Greater Speed In Defense Needs

WASHINGTON, Dec. 9.—(P)—Aoused to greater action by their increasingly grave apprehensions for the peace and security of the American continent, national defense authorities are intensifying efforts to speed up production of all defense essentials to an "all-out" wartime tempo.

High ranking officials disclosed today the major and urgent topics at the almost daily conferences of cabinet and National Defense Commission members are speed and greater expanded production.

Administration officials now are also emphasizing the urgency and magnitude of providing armed strength for Britain, Greece, China and the American republics.

William S. Knudsen, defense production chief, sounded the keynote of the "blitz-production" drive in an address last week at Detroit when he called on industry for "speed and more speed."

Secretary of State Hull, Secretary of War Stimson, Secretary of the Navy Knox, and Secretary of the Treasury Morgenthau have been among the most outspoken, privately and publicly, in urging industry, labor and the average citizen to awaken to the need for accelerated production of war materials.

A new and powerful recruit joined them when Senator George (D-Ga.), new chairman of the Senate Foreign Relations committee, advocated round-the-clock production to step up manufacture to a wartime pace. them, Greek soldiers launched

Mr. and Mrs. Magill Are Parents of Twins

Mr. and Mrs. H. H. Magill, 1100 West Fourth street, are the parents of twins, a boy and a girl, born at the Bothwell hospital this morning. The boy weighed six pounds twelve and one-half ounces, and the girl five pounds and one-half ounce.

Youth Healthier Than Ever Before To Serve Country

By Howard W. Blakeslee
Associated Press Science Editor

NEW YORK, Dec. 9.—The first statistical study of draftees indicates that America's youth today is more fit to serve the country than in any previous generation.

The survey was made by Metropolitan Life Insurance statisticians. They start with the high rate of rejections of recent volunteers, and find a large part of these rejections due only to minor defects.

In the New York area, for example, where one-third of the first men called were found unacceptable, the great majority of rejections were for dental, eye or foot defects or underweight.

These troubles, the statisticians say, are quite minor compared with the causes of rejection in earlier periods.

Numerous changes in the past 20 years account for the improvement, foremost is the fact that today's draftees grew to manhood in a period of organized efforts to improve child health.

More of these young men have benefited from good nutrition and better environment.

More were protected against smallpox and diphtheria. Conse-

London Rocked In Showers Of Bombs From Mass Attack

Killed At Rail Crossing

NORBORNE, Mo., Dec. 9.—(P)—Charles W. Penniston, 70, and his 15-year-old granddaughter, Fern Penniston, were killed Saturday night in the collision of their car and an eastbound Santa Fe passenger train.

Calls For New Men To Train To Be Delayed

Schedule For The
Rest of Guards Is
Now Being Revised

WASHINGTON, Dec. 9.—(P)—The War Department was reported today to be preparing a general revision of schedules for mobilizing the remainder of the national guard, with the intention of delaying calls for most of the approximately 126,000 men who were to have donned uniforms in January.

Lags in the construction of camps due to bad weather, strikes and other factors were blamed. In some cases an inadequate water supply has made it necessary to alter earlier plans for handling an increased number of troops at several centers.

Military circles heard that confidential general instructions to alter original plans already had gone out to division and other commanders preparing to mobilize between January 3 and January 19, but the War Department refused confirmation.

Secretary Stimson announced on October 17 that the War Department program then called for mobilization of a fifth group of national guard units, composed of eight divisions and 81 regiments or other units, January 3-19. The sixth and final contingent of nearly 4,000 men was to be ordered into service about February 3.

Original schedules were fulfilled to a great extent by the guard units already mobilized, although a few units called to active duty last month had to be held at their home stations pending completion of camp facilities.

Force Change In Plans
Recently however the guard mobilization program, like the army's general expansion, has been plagued by delays. Under the schedules announced by Mr. Stimson, 90,000 selective service trainees were to have been inducted by the end of the year, whereas now only about 20,000 are expected to be in uniform.

Unexpected developments have forced alterations in plans for national guard camps and a score of replacement centers which were due to open in March for the mass training of drafted men. Officials said the mobilization

Loses Life As Auto Crashes Into a Tree

TOWSON, Md., Dec. 3.—(P)—Mrs. Elizabeth C. Bosley, wife of Trainer John Bosley and noted woman conditioner of horses, was killed today when her automobile crashed head-on into a tree.

Mrs. Bosley, who converted a farm saddle horse, Chase Me, into a racer that won several times on big tracks before he stumbled and was killed, formerly trained thoroughbreds of the stable of Mrs. E. Graham Lewis.

Military Attack In England To Return

WASHINGTON, Dec. 9.—(P)—The war department disclosed today that the United States military attaché in England, Brigadier General Raymond E. Lee, would return shortly for temporary duty in Washington.

General Lee's assignment will permit first hand observations of British and German fighting methods and his opinion of England's most pressing needs and chances for survival.

War Contract Awarded To The Lamy Company

In numerous war department contracts announced awarded several of them for clothing and other requirements went to Missouri companies among them one for the furnishing of materials and making 30,000 light serge trousers to the J. A. Lamy Manufacturing Company, of Sedalia, for \$17,382.

The Weather

Fair and warmer southeast; colder west central tonight, Tuesday partly cloudy and somewhat below normal.

Lake of Ozarks Stage 2.2 feet below full reservoir.

As They Fall The R.A.F. Raids Vital Points of Enemy

LONDON, Dec. 9.—(P)—German air raiders concentrated the full force of a night-long assault on London last night and early today, swelling the toll of casualties and ruin in the capital which was kept under alarm more than 12 hours.

Except for a pre-dawn lull when the fog rolled in, the huge city was rocked by explosions and lighted by fires and shell-bursts from evening until early morning.

It was believed the number of casualties was not heavy in proportion to the intensity of the raid, but property damage was widespread through the London area.

Nine Hospitals Hit

Nine hospitals in all were hit, it was reported this morning. There were many casualties among the staff and patients of one of them which received a direct hit. One of the hospitals struck was a large general hospital; another was a hospital for women.

In one section of London, where fires flamed over a wide area, a resident said:

"It seemed as if it were raining incendiary bombs by the hundred."

While some fires still were burning, bombs were dropped by succeeding raiders who came over in what one observer said were "endless waves." Explosions damaged a Catholic church and an ambulance station. Considerable damage was reported done to dwellings, shops and business buildings.

East of London, near the Thames river estuary, a number of persons were feared trapped in an air raid shelter by a bomb-hit nearby.

A government communique said bombs fell in many districts between the south and east coasts and London, along the route the bombers took to reach the capital.

The attack ended 44 hours of quiet—London's longest respite from bombing since the air siege began.

Royal air force bombers, meanwhile attacked industrial and military targets in the Duesseldorf area of Germany, the submarine base at Lorient, France, shipping and harbors at Bordeaux, Brest, Flushing, Dunkerque and Gravelines and "several enemy airdromes" last night, the air ministry announced.

Two Planes Missing

The ministry said two British planes were missing after the attacks. (From Berlin it was reported that two British bombers were downed in the western Reich, where several persons were killed.)

The night before, British bombers attacked the German-held ports of Lorient, Antwerp, Dunkerque, Calais and Boulogne, and

Society And Clubs

In a beautiful setting that had an altar background of evergreen trees, Miss Roberta Leazer, daughter of the Rev. and Mrs. R. W. Leazer, became the bride of William Keith Holland of Grove, Okla., in a double ring ceremony solemnized by the bride's father at 4 o'clock Sunday afternoon at the First Baptist church. The bridegroom is the son of Mr. and Mrs. John H. Holland of Talequah, Okla.

Green evergreens were used in the upper section of the chancel, while small white trees graced the foreground, interspersed with large baskets of white chrysanthemums and stevia. The altar was illuminated by two candelabra each holding seven white tapers.

The bride's gown was white corded taffeta fashioned with a high waistline and the bodice was buttoned down the back. The sweetheart neckline was finished with a pleated ruffle and the long sleeves had the ruffling at the wrists. Her finger-tip length veil was held in place by a coronet formed of a beaded band with seed pearls intermingling.

She carried a bouquet of white bride's roses and pompons in cascade effect.

Miss Elizabeth Burns of Temple,

Texas, was the maid of honor and the bride's only attendant. Her floor-length dress was of yellow brocade taffeta, designed similarly to that of the bride and with it she wore a yellow turban. Her cascade bouquet was made of bronze and yellow chrysanthemums and pompons.

Mr. Holland's best man was George Stephens of Talequah. The ushers were Jerry Waite and Robert Wild of Sedalia.

As the first organ number was played by Mrs. Katherine Lyles, Miss Billye Jeanne Holland of Talequah, sister of the bridegroom, lighted the candles. Mrs. Lyles first played "Ah, Sweet Mystery of Life" and "I Love You Truly." Mrs. E. M. King of Shawnee, Okla., then sang "O Promise Me," accompanied by Mrs. Lyles who next played "At Dawning," followed by a solo, "Because," sung by Mrs. King.

Soft background music was played as the bridal party formed at the altar, and upon the entrance of the bride the traditional bridal chorus from "Lohengrin," by Wagner, was heard. Mendelssohn's wedding march brought the nuptials to a close.

Following the ceremony a reception was held at the home of the bride's parents at 511 West Broadway. While chrysanthemums and pompons were used as floral decorations in the home. A three tier wedding cake centered the dining table and was topped with a tiny bouquet of sweet peas and pompons. Asparagus fern intertwined with the same flowers encircled the cake. Receiving the bridal party were the Rev. and Mrs. Leazer and Mr. and Mrs. Holland of Talequah.

Mrs. George Suter and Mrs. Oscar DeWolf presided at the tea and coffee urns and Mrs. Charles Farley and Mrs. William Reed served. Assisting were Miss Ruth Colvin and Miss Naomi Maddox.

After a short wedding trip, Mr. and Mrs. Holland will be at home at Grove, Okla.

Mrs. Holland after graduating from the Altus, Okla., high school attended the Junior college there for her freshman year. She is a graduate of Oklahoma Baptist University, at Shawnee. She also has studied during two summer sessions at the Central Missouri State Teachers college at Warrensburg. At Oklahoma Baptist University she was for three years a member of the varsity mixed quartet.

Last year Mrs. Holland taught in the high school at Grove.

Mr. Holland graduated from Northwestern State Teachers college, at Talequah where he was a member of Sigma Tau Gamma fraternity. He now is owner and manager of a Western Auto store at Grove.

Mrs. Jack Ridgway and Miss Mary Catherine Redmond entertained with a breakfast and kitchen shower Sunday morning in honor of Miss Jane McEniry whose marriage will take place in the near future, at the home of Mrs. Ridgway, 404 1-2 West Fourth street.

The guests were seated at small tables beautifully decorated in the Christmas motif.

Those attending were: Miss Ruth Eisenstein, of Marshall, Miss Maurine Bohling, of Jefferson City, Miss Carolyn Courtney, Miss Virginia Scott, Miss Virginia Wilkerson, Miss Mary Louise McLaughlin, Miss Helen Doris Scotten, Mrs. John Staley, Mrs. William Staley, Mrs. Norman Harrison, of Jefferson City, and Mrs. Virgil Hogan.

Miss Marian Phipps assisted the hostesses in entertaining.

The Helen G. Steele Music club will have a luncheon at the Heard Memorial club house at 12:15 o'clock Wednesday. Members are asked to make reservations with Mrs. Fred Bock, custodian, early.

At 2 o'clock that afternoon Maybelle and Lowell Townsend, duo piano team of Columbia will present a recital.

Pettis So-Mor circle will have its annual Christmas party Wednesday afternoon, December 11, at 2 o'clock at the home of Mrs. Charles Plumlee, 810 West Sixth street. Assisting hostess will be Mesdames Bunn, Love, Austin, Elliott, Glenn and Miss Celeste Kirkpatrick.

During 1939 nine of the most important American aircraft corporations had net sales totaling \$255,004,218, as compared to \$171,016,224 in 1938.

Dorothy Mae Rodgers

Games were enjoyed and awards went to George Crafton, Billie Mathews, Gloria Jean Amos, and Edith Parker.

Refreshments were served to the following: Dorothy Wills, Billie Porter, Billie Staley, Geneva Thomas, Ellen Ruth Wright, Edith Parker, Mabel Parker, Wanda Joy Carver, Doris Jean Steele, Jo Ann Ellis, Alberta and Milton Chamberlin, Dorothy Mae Boehm, Helen Fischer, Louise Renfrow, Joyce Kubli, —June Kubli, John, Cecil,

Honor Guest

Mrs. R. L. Neas entertained a party of children at her home in Lincoln, Mo., on last Wednesday afternoon, November 28, honoring the sixth birthday of her daughter, Shirley Lee.

Refreshments of ice cream and cake were served to Miss Gladys Chaney, teacher of the primary department in the Lincoln school, June Purdy, Shirley Lynch, Lois Maxine Neas, Kathleen Owens, Taylor Boring, Charles Nevelle Yancey, Michael Cordray, Kenneth Leo Hare, Harvey Dean Rank and Shirley Lee Neas.

Mrs. Neas was assisted in entertaining by her sister, Miss Mary Louise Hare.

Shirley Lee received many pretty gifts from her little friends.

Some folks still can't believe their eyes

GOING over Buick dealers' reports on our 1941 models, we find an unusual thing happening. Time and again cars come in for the usual inspections with an extra note of instructions—"Please check the gas gauge needle."

Even after hundreds of miles, people mistrust their eyes when they see its snail-like pace from the Full mark toward Empty—they don't see how it's possible for a car as big as Buick to go so far on so little.

But it does—and for good reasons.

The whole FIREBALL engine was designed and built to get the most good out of modern gasolines.

And the simple secret of Compound Carburetion is that it keeps your engine running on its most frugal diet for all normal driving—and provides full feed only when you need, want and call for the lift of extra wallop.

Meantime even the gears are helping save money—for the regular high gear in a Buick gives you the economy of the so-called "gas-

saving" top speeds you hear boosted so enthusiastically.

The big thing is, of course, that this is no small car that's setting these economy figures. There are all the room, size, impressiveness, comfort and downright thrilling performance you expect from a Buick.

But we assure you that it isn't because the needle's out of kilter that it goes down so slowly. It's simply because it's in a FIREBALL Buick.

BUICK PRICES BEGIN AT

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

ALL QUIET on the Western front...

The moon casts oval shadows from reels of cable in the warehouse yard. New telephone instruments mark time upon long storeroom shelves. Thousands of parts...relays, cross-arms, insulators...wait in Western Electric warehouses for their call to service in America's telephone system.

Tonight... all quiet on the Western front!

But for how long?

Who can say when disaster will strike... a fire, a flood, a storm... to cripple some section of the telephone plant?

Perhaps within the hour heavy trucks will back up to loading platforms. Bearing tools and materials they will roll away to meet repair crews at the trouble scene.

Disaster strikes... the Bell System moves to meet it.

Western Electric supplies high quality, standardized telephone equipment... usable in any part of the nation. Its warehouses in strategic locations insure prompt delivery when materials are needed in a hurry.

That is one reason Americans in any emergency turn to the telephone, knowing they will receive fast, dependable service.

SOUTHWESTERN BELL TELEPHONE CO.

London Rocked In Shower of Bombs From Mass Attack

(Continued From Page 1)

pounded fiercely at Duesseldorf, industrial city of the Rhineland. The biggest fire British fliers have set during the war was reported starting in the bombing of Duesseldorf, described by a communique as having been as destructive as the all-night attack on the same city last Wednesday. German planes in their raid last night on London roared over in waves and singly, dropping flares, incendiary bombs and then high explosives.

Was Mass Attack The raid was described as a mass attack—but not area bombing concentrated on any specific section of London.

At times so many planes were over the city that the drone of their motors rose to a roar that could be heard above the almost incessant crash of the anti-aircraft barrage.

The gunfire was so intense that waves of light pulsed across the sky almost continuously. The clouds reflected the glare of shell-bursts and bomb-started fires below.

Firemen were kept busy all night long, working while the bombs still fell.

Once the raiders flew in parallel lines across the city dropping long rows of fire bombs.

A. E. Wall, Associated Press staff member who came to London only a few weeks ago, found his taxicab suddenly ringed by sputtering incendiary bombs.

He and the cabbie sprinted for shelter in an archway, waited while five "scream bombs" smashed down nearby, then returned to their undamaged cab and continued through streets lit like a giant Fourth of July celebration.

One of the hospitals which was badly damaged by explosive and incendiary bombs dropped by the night raiders had nearly 700 beds but the number of deaths was not expected to exceed five as most of the patients were removed some weeks ago.

One high explosive bomb demolished two blocks of the institution, comprising about one-third of the hospital.

The fires which broke out formed a half moon through the city, but the capital's highly organized fire fighters quickly controlled them.

Two hundred and fifty persons who were seeking shelter in the crypt of a church were safely removed after bombs ignited the roof. Adjoining buildings were destroyed.

Nine were buried when high explosives demolished two houses in the southeast area. Two bodies were recovered and digging for the others was continued.

Heaviest of War BERLIN, Dec. 9.—(P)—Informed German circles declared today last night's smashing attack on London was the heaviest ever carried out by the German air force since it carried the war to Britain.

The number of planes participating was not disclosed but these sources said the number could be imagined from the fact that 700 tons of explosives and about 100 tons of incendiary bombs were dropped.

They said the London defenses almost collapsed during the second part of the massed raid on the British capital.

Two British bombers were reported downed last night in the western Reich, where several persons were killed.

The high command, describing the London raid, said: "In many places great fires started, which in the course of the night united and formed a great, glowing sea of fire."

"Gas containers flew into the air in gigantic flames and oil tanks caught fire and smoked heavily."

Solitary British planes, the high command communique said, dropped bombs at "numerous places in western Germany during the night. In Duesseldorf, Munich-Gladbach and several other spots residential districts were hit and some houses were fired, nine civilians were killed, 17 were severely wounded and 24 slightly wounded, x x x no military or war vital industrial damage was done."

LONDON, Dec. 9.—(P)—An alarmless, raidless day for London stretched into the darkness tonight, past the usual time for night raiders to approach, and gave the capital another respite after the severe hammering which last night shattered a 44-hour lull.

Thus, for the second time since Friday, the German air siege lapsed into total inactivity—following the raids last night and early today in which German bombers concentrated their might on London, swelling its toll of casualties and ruin.

Great Fire At Bordeaux

LONDON, Dec. 9.—(P)—A great

A Three Days' Cough is Your Danger Signal

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

fire was started by British night air raiders among buildings between two of the dock basins in the German-held French port of Bordeaux, the air ministry news service said today.

This was part of farflung British air attacks last night in which, the air ministry said, RAF bombers raided industrial and military targets in the Duesseldorf area of Germany, the submarine base at the French Atlantic port of Lorient, the harbors of Bordeaux, Brest, Flushing, Dunkerque and Gravelines and "several enemy airdromes."

A bulletin amplifying the communique said Bordeaux was "heavily attacked" by planes of the coastal command and the raids on Brest and Lorient were the second within 24 hours.

"At Lorient," the news service said, "sticks of bombs were distributed across docks and store-houses and one bomb burst threw up a shower of crimson sparks."

"A great blue flash was seen, too, after a salvo of bombs hit drydocks."

"Brest was lit up soon after the raid began by the flare of a burning dockside building. The roof fell in while the attack still was in progress and pilots overhead could see the flames reflected in the water."

Other bombs, the air ministry said, struck around the military port, the naval barracks and drydocks.

Smash At Submarines

LONDON, Dec. 9.—(P)—British bomber pilots reported today that they had smashed at a nest of German submarines that prowled the Atlantic to attack British shipping and had dropped many high explosive bombs near it not actually upon submarines moored in the port of Bordeaux.

The attack was carried out in the face of heavy anti-aircraft fire last night, the air ministry reported today. British pilots, however, said they believed they had hit lock gates at the German-held port on France's southwestern coast.

Argue Over Aid U. S. Is To Give Britain

(Continued from page one)

plate" that Great Britain was a good financial risk as Morgenthau and Secretary of Commerce Jones have said.

"Any dollars we lay on the line will never see again," he claimed.

"Billions Already Gone" Expressing the view that "the billions already loaned to Britain are already gone," Nye added that the talks between Morgenthau and Sir Frederick, which opened Friday, were "the first step" toward a British loan.

However, Senator King (D-Utah) said he believed "the government should extend to Great Britain any credits that may be imperatively needed" and added that planes, ships and other war equipment should be supplied her in the greatest possible amounts.

"It would be a terrible catastrophe if Britain should be defeated," he asserted. "The world under the rule of Hitler, Stalin, Mussolini and Japan would be an enslaved world, a dark and tragic world."

One administration senator, who asked anonymity, said he believed any British request for a loan would be premature at present.

This tallied with assertions of highly placed administrative aides with a two-fold plan of aid under discussion called for the British to use their own investment holdings here to buy war supplies, and for the United States to advance loans only when those resources were exhausted.

Earlier estimates by government experts rated British assets adequate to meet the bill for another

year or more of American purchases.

Some congressional quarters, anticipating eventual loan requests, have suggested as collateral temporary control of British possessions in the western hemisphere. Others have advocated that the possessions be turned over to the United States for the cash advanced.

The likelihood of either transaction was considered small at the moment in administration circles.

Italians Leave War Material As They Flee

(Continued From Page 1)

into new, swift follow-up attack with cries of "On to Valona!"

Valona, next Albanian sea gateway for Italian supplies in the Greek path, is about 40 miles northwest of Argirocastro. About midway on that line lies Tepelini, a road junction, toward which the Greeks are fighting from the east and south. Their goal, shouted as a battle slogan, is "Tirana by Christmas!" Tirana is Albania's capital.

Capture of Argirocastro yesterday, two days after the fall of Italy's southernmost Albanian port, Porto Edda, touched off a three-day celebration. Rather than by direct assault, it was disclosed, the inland base was occupied after it had been flanked from east and west forcing the Italians to withdraw.

Part of the city had been burned by the Italians before they fled, but the amount of captured war material was said to be enormous and to include 12 full batteries of abandoned artillery.

After six weeks of fighting, the Greeks have driven the Italian invaders completely from their soil and pushed their own counter-invasion across about 20 percent of Albania's Italian-held territory.

The exact position of the Greek vanguards is a military secret, but officials say the rate of the Greek advance is increasing week by week.

So far, two of Albania's six cities with normal populations of more than 10,000—Noritza, the country's third largest city, and Argirocastro, the fifth—have been taken.

Children Dead; Mother In Well

(Continued from page one)

PRINCETON, Ill., Dec. 9.—(P)—A 33-year-old mother, found by her husband standing in three feet of water in a 13-foot cistern shortly after he had discovered the bodies of their two babies in their farm house, was under a sheriff's guard in a hospital today.

State's Attorney Joseph R. Peterson of Bureau county who ordered the guard, said he planned to question the mother, Mrs. Agnes Borg, to seek some clue to the shotgun slayings of her daughter, Rachael Elaine, 3½, and her six-month-old son, Martin Theodore.

The husband, Eric, 36, found the bodies of the two babies when he returned home after looking for a prospective hired hand. The girl's body was on the kitchen floor while the infant's was in a baby buggy in an adjoining room. Chief Deputy Sheriff Emil Swanson said each child had been shot once and that the boy had been fired on at close range.

Unable to find his wife, Borg told officers that two of her stepbrothers came to aid him in the search. They heard cries of "Eric, I am dying," and found her in the cistern.

Market Quotas Are Indicated

BALTIMORE, Dec. 9.—(P)—R. M. Evans, agricultural adjustment administrator, told grain farmers today that the government may propose marketing quotas to regulate sale of wheat and corn next year.

Addressing an American Farm Bureau Federation convention conference, Evans said the European war had "shattered" export markets for wheat and corn and meat products. As a result, he said, huge surpluses of these commodities had accumulated.

"I can tell you frankly," the farm official said, "that the outlook now indicates the need for marketing quotas next year on wheat and corn as well as on cotton and tobacco."

Quotas must be approved by two thirds of the affected growers voting in a referendum. Quotas for cotton and tobacco already have been approved.

Not since the present Farm Act was passed in 1938 have wheat and corn farmers been asked to impose quotas on themselves.

Under the quota system, farmers would be subject to stiff penalty taxes if they sold or fed in excess of their individual allotments.

The Saint Vincent De Paul Council, a Catholic charitable organization, composed of three conferences, St. Peter's at Marshall, Sacred Heart of Sedalia, and St. Patrick's of Sedalia, held a breakfast at St. Patrick's hall Sunday in honor of Bishop Edwin O'Hara of Kansas City. Pictured

above are those at the head table. The Rev. Fr. Walter Polk, C. SS. R., of Kansas City, gave the Day of Recollection services following the banquet.

There were 100 persons attending the breakfast including the honored guests, Bishop O'Hara, Father Polk, Father Dibbins of Marshall, Father A. J. Brunswick, of Sacred Heart, and Father J. A. Biter of St. Patrick's.

The Netherlands Loses "Sub"

LONDON, Dec. 9.—(P)—The loss of a submarine of The Netherlands navy "in war operations" was announced officially here today. Netherlands warships are co-operating with the British.

Leaves To Postmasters Entering Military Service

WASHINGTON, Dec. 9.—(P)—The White House reported today that President Roosevelt had signed legislation authorizing leaves of absence for postmasters entering the military or naval service of the United States.

Calls For New Men To Train To Be Delayed

(Continued from page one)

dates for both the national guard and selective service trainees depended upon the recommendations of corps area commanders, based on the prospects that adequate housing would be available on the spot. The intention has been stated repeatedly to mobilize men only as facilities were prepared.

Says Camp Be Ready

LITTLE ROCK, Ark., Dec. 9.—(P)—Washington reports that some National Guard mobilizations may be postponed because of delays in completing new camps brought the comment today from Capt. Frank Reed, constructing quartermaster at Camp Joseph T. Robinson that "this camp will be ready to receive the 35th Division on January 2 as scheduled."

Where They Shop

The census bureau lists the average number of customers of various types of stores in the United States as: grocery store, 449; butcher shop, 1341; department store, 10,490; and five-and-ten, 18,012.

Cooling The Earth

The earth is cooling off, but heat is not being lost through the solid crust. Hot Springs, geysers, and volcanoes are responsible for the cooling, geologists say.

Normally, 20,000 men are engaged in mole trotting in England.

Differs

The guanay, a Peruvian cormorant, differs from all other species in its fishing tactics. It searches for fish from the air; other cormorants dive and search under water.

Birth of A Son

Mr. and Mrs. Virgil Herrick, 1525 South Barrett avenue, announce the birth of a son born at the Bothwell hospital Sunday morning. Both mother and son are doing nicely.

Bothwell Hospital Notes

Mike Boyland, 405 East Seventh street, Mrs. S. G. Whipprecht, R. F. D. No. 2, and Mrs. Minnie Terrell, Green Ridge, were admitted to the hospital for medical attention.

Mrs. James W. Brown, 608 South Kentucky avenue, Marlin Meun Spring Fork, and John W. Morrow, Marshall, Mo., all underwent operations at the hospital.

Horse and a Dollar Sell At 90 Cents

SALISBURY, N. C., Dec. 9.—(P)—They were holding a public auction sale at a lot near here. A horse was put on the block. It wasn't much of a horse, it's true but—

Not a single bid was offered. "Pin a dollar bill to its mane and see what it'll bring," someone suggested.

This was done. Then the horse and the greenback were knocked down at 90 cents.

Loans Only To Pay Premiums

(Continued from page one)

ST. LOUIS, Dec. 9.—(P)—Alfred Fairbank, president of the insolvent Central States Life Insurance company, has explained the 40 percent loan value on policies freed by court order can be used by policyholders only for the purpose of paying premiums to maintain their insurance.

An order by Circuit Judge Joseph J. Ward last Friday in effect froze 60 percent of the accrued values until the court approved a plan of final settlement of the company's affairs, at which time a definite lien against the policies will be fixed.

Eaton To Trial In Murder Case

SHELBYVILLE, Mo., Dec. 9.—Pale from eight months of confinement and two efforts to take his own life, Hadley Eaton went on trial today on a charge of murder in the slaying of Mrs. Ethel Dingle, 30-year-old school teacher who had spurned his affections.

The attractive divorcee was shot to death last March 8, as she and another teacher, Mrs. Merritt Keith, were leaving the Shelbyville grade school grounds.

The assailant, swinging a shotgun, dashed from behind shrubbery and fired eight blasts into an automobile in which the two women, with Mrs. Dingle driving, were departing at the end of the school day.

Eaton, 36, was arrested the following day in a heavily wooded area northwest of here after an all-night hunt by 50 officers and armed citizens.

Sheriff Elmer Threlkeld said Eaton had attempted suicide when surrounded by the posse. A note found in Eaton's pocket explained how Mrs. Dingle had rejected his affections.

On Sept. 9, the sheriff said, Eaton made another attempt to take his life by slashing his wrists with razor blades in the Shelby county jail. This attempt forced a continuance of the case until today.

Circuit Judge Harry J. Libby called the case at the first session of court this morning and at noon eight persons had been qualified for the panel of 50 from which the trial jury of 12 will be selected.

Negro Sentenced To Die For Slaying

KANSAS CITY, Dec. 9.—(P)—Ernest Tyler, Jr., 35-year-old Negro, was sentenced today to die January 31 in the lethal gas chamber at the state prison at Jefferson City.

Circuit Judge Thomas J. Seehorn pronounced the sentence. Tyler was convicted October 26 of the slaying of Erwin Schwarzenholz in a robbery at the man's home.

Decline After A Rise In Stocks

NEW YORK, Dec. 9.—(AP)—Selective forward leanings were shown by the stock market today but many leaders were overlooked by bullish contingents.

Prices turned up and slipped at frequent intervals. Initial gains of fractions to a point or so were chipped down before the finish and small declines were fairly well distributed.

While dealers picked up now and then, sluggish periods were plentiful. Transfers were around 650,000 shares. Early improvement was attributed by brokers mainly to buying by in-and-out traders who had the idea the technical rally of Saturday might acquire more headway in view of the fact that the upturn from late October and early November had been virtually wiped out, thus leaving the list in a healthier technical position.

Obituaries

(Continued from page one)

Funeral of Mrs. Frances C. Smith Funeral services for Mrs. Frances C. Smith, 52 years old, who passed away at her home, 507 New York avenue, were held at 2 o'clock this afternoon at the Epworth Methodist church. The Rev. Ralph Emerson Hurd, pastor of the church, officiated.

Interment in the Crown Hill cemetery.

Miss Elizabeth A. Doyle

Word has been received in Sedalia of the death of Miss Elizabeth A. Doyle, who passed away at the St. Margaret's hospital in Kansas City Saturday. She formerly resided in Sedalia.

Surviving is a sister of the family, Mrs. Kathleen Macdonald, of 3310 Broadway, Kansas City.

Funeral services will be held at the J. F. O'Donnell funeral chapel at 8:30 o'clock Tuesday morning followed by services at 9 o'clock at the Redemptorist church.

Graveside services will be held here about 12:30 o'clock in the afternoon, the Rev. Fr. J. A. Biter of St. Patrick's church to officiate.

Friends of the family will serve as pallbearers.

Burial will be in the Calvary cemetery in Sedalia.

Mrs. Eva Rue Paris

Mrs. Eva Rue Paris, 52 years old, former sedalian, passed away at her home 4117 Michigan avenue Sunday, according to word received in Sedalia this morning.

Surviving her is her husband, Frank J. Paris, of the home, her father D. A. Clarke, 3924 McGee street, two sisters Mrs. G. M. Wilson of the family home and Mrs. Callie Clarke Barbee, 3924 McGee, and a brother Don Clarke of Los Angeles, California.

Mrs. Paris' father was in the carpet business in Sedalia many years ago.

Funeral of Pat Shine

Funeral services for Patrick Shine, world war veteran who passed away in the Hines hospital in Chicago Saturday afternoon, will be held at 9 o'clock Tuesday morning at the St. Patrick's Catholic church. The Reverend Father Biter, pastor will officiate.

Pallbearers will be the following friends: Tommy Foster, Joe Moffatt, Fred Morley, B. J. Blahner, Matt Mullaley, and Don Clifford.

Interment in the Calvary cemetery.

The body arrived in Sedalia at noon and was taken to the McLaughlin Funeral chapel and will be taken to the home of his sister Mrs. Tim Sanders, 408 East 11th street this evening.

The Rosary will be recited at 8 o'clock tonight at the home.

Mr. Shine during the World War served twelve months overseas with Battery D, 129th Field Artillery, the same outfit which was commanded by Captain Harry S. Truman, now United States senator.

Mrs. Minnie S. Abbott

Mrs. Minnie Abbott, 79 years old, passed away at 222 East Fifth street at 2:00 o'clock Monday morning. She had been in poor health for several years.

She was born in Avoynes Parish, Louisiana, December 11, 1860. She was married to C. K. Abbott in 1884, who preceded her in death a number of years ago.

For the past eight years Mrs. Abbott has resided in Sedalia with her son Morey K. Abbott, who is the only survivor.

A brief service will be held at the Ewing Funeral home at 2:30 o'clock Tuesday afternoon, after which the body will be taken to Des Moines, Ia., for burial.

Big Sum Paid In The Railway Retirement Act

Faster Handling Of Annuity Claims For The Future

Almost 180,000 former railroad employees and more than 40,000 survivors of railroad employees had received benefits amounting to \$338,154,367 under the Railroad Retirement Act by September 30, 1940, according to a review of the Railroad Retirement Board Certification of benefits under the act began in July 1936.

Benefit payments certified to the Treasury in September totaled \$10,069,473, bringing the total for the July-September quarter to \$29,828,510. The total of certifications for the quarter was 1.2 percent higher than for the preceding quarter, and 8.1 percent than for the corresponding quarter last year.

New certifications raised to 129,550 the total number of employee annuities certified from July 1936 through September 30, 1940. Over the same period, 48,509 pensions, 2,566 survivors annuities, and 4,855 death benefit annuities were certified for payment. Certification of lump-sum death benefit payments by the end of September numbered 32,593.

Prior Service Program

F. E. Keating, local claims examiner, has been advised faster handling of retirement annuity claims than is now possible and expense for the Railroad Retirement Board will result from a material savings in administrative program for collecting prior service records authorized by Congress and approved by the President. Other results of the program will be to safeguard essential records of employees' service and compensation and to provide much more accurate data than are now available for estimating the financial obligations of the railroad retirement system.

The new act of Congress (Public Resolution No. 102) provides for the mass collection, within less than three years, of individual employee records of service and compensation before 1937. Such service and compensation are creditable toward an annuity under the Railroad Retirement Act for all employees who were in the active service of or in an "employment relation" to an employer under the act on August 29, 1935. The Board estimates that there are about 1,200,000 of these employees. Heretofore each employee's record of prior service could be obtained only after he applied for an annuity. Employers in possession of the necessary data are to be paid for collecting the records and furnishing verified transcript of them to the Railroad Retirement Board before June 30, 1943.

One of the important steps in the program is to get every employee who has not already filed a statement of his service prior to 1937, to do so on the appropriate form. Approximately 900,000 railroad workers filed such statements of prior service under a Works Progress Administration project which was started but not completed about two years ago. The Board estimates that this leaves about 300,000 who did not file statements of prior service. The Board urges all such employees to file their statements as soon as possible. The form required for filing the statement is Form AA-15 which may be obtained from the last employer for whom the employee worked, from the Board's field offices or directly from the Board in Washington.

church proved so compelling to the N. U. C. that they decided to honor him with the full uniform and make him mascot.

Today's Pattern

Christmas Toys to Make

You can make your gift budget go much farther, if you make these toys at home in a few hours. The pattern No. 8835 includes instructions for the doll body and the rabbit body in 18 inch height, a size that is easy for the youngest in the family to carry and cuddle.

You'll find the pattern useful, too, in making gifts for the bazaar and benefits that come at this time of year. You need not hesitate to try and make these diminutive pieces, for the pattern includes a complete and easy-to-follow sew chart. Choose gay colors that will attract the eye of the child; reds, greens and deep golden yellows.

Pattern No. 8835 is designed in One Size—18 inches high. The dolls body requires 1/2 yard of 35-inch fabric, 1/4 yard for dress and hat; 1/4 yard for bloomers, 1/2 hank of wool for hair. Rabbits body requires 3/4 yard; plus 1/4 yard for jacket.

For a PATTERN of this attractive model send 15c IN COIN. YOUR NAME, ADDRESS, STYLE NUMBER and Size to TODAY'S SDC PATTERN SERVICE, 106 7th Ave., New York, N. Y. DO NOT MAIL TO SEDALIA DEMOCRAT.

You'll get the thrill of a new full pages of our new Fall Fashion Book, brimming over with lovely styles. Fashions for afternoon and every day! Fashions for your school-girl daughter! Fashions for everybody from size 1 to 52, easy to make, new as tomorrow morning, and, of course, all inexpensive!

STOVER

To Visit With Friends In Rio Grande Valley

Professor E. Jones Attends Clinic For Music Educators

By Mrs. F. J. Kraxberger

Mr. and Mrs. F. A. Gerit, accompanied by Mrs. Elroy Warnke, left early Tuesday morning on a motor trip to the Rio Grande Valley. While there Mr. Gerit plans to make a deer hunting expedition. They will visit in the Ervin Heimsoth home and see many former Missourians now living in that locale. They expected to see Albert Ehlers, Otto Kochs and the Arthur Wahler families.

Professor Edwin Jones, music instructor in the Stover high school, attended the Missouri Music Educator's Clinic at Hannibal last week.

Miss Amy Holiday, of Nebraska, is visiting friends in and near Stover while on a return trip. The Holiday family formerly lived in Stover and moved away about five years ago.

Mr. and Mrs. Harley Kohler, and son, of Hillsboro Wisconsin, arrived Saturday for a week's visit with relatives here. Mrs. Kohler is the former Miss Agnes Wittrock.

Corporal Sidney Murphy and Corporal John Murphy, brothers who have been in the United States Marines for the past three years, are visiting here with their parents, Mr. and Mrs. H. B. Murphy, while on a furlough.

Mr. and Mrs. George Beckman, of the Pleasant Union community, are parents of a nine and one-half pound boy born December 1.

Monday, December 2 a girl was born to Mr. and Mrs. Judson Smoyer. Mrs. Smoyer is the former Miss Pearl Coester, of Stover. Mrs. T. F. Casebolt, returned Thursday from Booneville where she has been caring for George Steinmeyer who is making a satisfactory recovery from a serious operation last week.

Reports Chickens Stolen

Mrs. Will Shine, 123 Walnut street, reported to the police eleven chickens were stolen out of her chicken house Saturday night or early Sunday.

Injuries In Accident Fatal

FULTON, Mo., Dec. 9.—(AP)—William B. Doolittle, 65, of Kansas City (4116 Montgall) died at Callaway county hospital today of injuries incurred in an auto-truck collision near here November 29.

Lots of Water

According to estimates, if all the solid surfaces of the earth were reduced to a common level, the waters of the globe would cover it entirely to a depth of between two and three miles.

Auction Sale

Having disposed of my interest in the farm, I will sell at public auction at the farm located one mile south of Flat Creek bridge on highway 65 south, on

Friday, Dec. 13, 1 p. m.

Rev. Campbell To Address PTA

The Horace-Mann Teachers Educational class will hold a meeting at the school at 2:15 o'clock Friday afternoon December 13, at which time Mrs. Homer Vance will be the guest speaker.

Mrs. Vance will speak on "The Family as a Threshold of Democracy."

Immediately following the class meeting the Parent Teachers Association will hold its regular meeting at the school beginning at 3 o'clock. The Reverend H. U. Campbell, pastor of the Fifth Methodist Episcopal church, will be the guest speaker.

Reverend Campbell will speak on "Church As a Safeguard to Democracy."

The children of grade Two under Miss "Jerry" Teufel and Miss Leota Alexander will give an Operetta, "Belling The Cat."

Following the meeting a Christmas tea will be served. All members of the organizations and friends are invited.

WHEN you can't breathe through your nostrils because they are stopped up by a cold, insert a little Mentholum. Soothing Mentholum clears the mucous-clogged passages, lets in air. It clears the way for breathing comfort.

Jimmie Hays Mascot Usher

Jimmie Hays, aged three, grandson of Mrs. Pearl Kueck, of 405 West Fourth street, and son of Mr. and Mrs. James H. "Chuck" Hays, former Sedalians, now of Chicago, was accorded a full page in a Chicago publication devoted to Noventiles.

Jimmie has been made a mascot usher in one of the big Catholic churches in Chicago and the article and he appears with his attractive and happy smile in full uniform in a picture in the paper.

The Rev. Fr. Keane, parish priest, has given the young fellow special attention.

The conduct of Jimmie in

Bears Rout The Redskins By 73 To 0 For Title

Record on Footballs Lost and Also On Financial Side

WASHINGTON, Dec. 9.—(P)—Chicago's powerful Bears today rule the football roost, thanks to a record-breaking 73-to-0 rout of the Washington Redskins in the annual playoff for the National League title.

The big Bears, opening up with a touchdown in the first 59 seconds of the game, proceeded to pour it on with a vengeance as 36,034 spectators, who paid more than \$100,000, looked on in amazement yesterday under a warm December sun.

The Redskins found themselves in the position of playing the first few seconds for fun and the rest of the afternoon in a vain effort to get back in the game.

They started the game relying on a five-man line to stop the tricky Chicago offense and they were so dazed by the touchdowns pouring through that they never did switch and when the eleventh touchdown was scored the forward wall was still five men.

Early in the first half the play-off mark of 30 points, made by the New York Giants against the Bears in 1934, was tossed into the discard and an all-time figure of 64 points compiled by Philadelphia against Cincinnati was wiped out later. Not content, the lusty Bears lambasted other records.

Record On Lost Balls
Even the record for lost footballs was broken. When they are kicked into the stands in pro football they do not come back and after the Bears had scored nine times, 11 footballs had been removed from circulation. Only a dozen balls were on hand, so after the two final counters, the Bears tried passes for the extra points, getting a 50-50 break in this department.

Another record exceeded was on the financial side. The cash customers' outlay of a net \$102,280 contributed to a players' pool of \$54,562.80, providing \$873.99 for each winning player, and \$626.25 for each loser.

There was no doubt that it was to be a Chicago day as soon as the first period started. On the second play from scrimmage, when the game was less than a minute old, Bill Osmanski ran 68 yards for the first touchdown of the day. On this lightning thrust the Bears showed the first of the many amazing blocks contributed to the route.

Although the records will show the championship was won December 8, it may well have been decided November 17 when the Redskins defeated the Bears 7 to 0.

Most Valuable Player Award To Christman

Paul Christman (right), was presented a trophy as football's most valuable player of the year in the Missouri Valley area at a banquet at Kansas City. Presenting the trophy is Ed Hasek, Kansas City sportsman. Don Faurot, Missouri coach, is in the center.

A five-man Washington line stopped the invaders that November afternoon and the home guard tried to repeat. It would not work in December. The Bears had found out what to do about such a defense in the meantime, and they did it.

Be No Rose Bowl Tickets By Mail

PASADENA, Calif., Dec. 9.—(P)—No use writing in for tickets to the Nebraska-Stanford Rose Bowl football game. They're all gone.

The Bowl management announced all of the tickets available for mail orders had been sold. Fifteen thousand remaining tickets will go on sale to cash customers—15 ticket windows at the Bowl—early next Wednesday. None of these tickets will be sold through the mail.

Overtime Parkers Fined

Fifteen motorists paid \$1 fines for overtime parking in the downtown area Saturday. They were: E. A. Cooper, Gert Valkenburg, Tom Ware, E. E. Holtzen, Duncan Kennon, Van Wagheer, J. E. Moon, Mrs. Louis Isgur, Dorothy Stephens, Frank Sedlak, L. N. Henderson, W. C. Berry, Jewell Callison, George Cramer, Jean Williams, J. A. Reid, Roy Napier, John Thomas, Jack Jackson, Kenneth Johnson, and N. E. White.

Lots of Rain

One of the heaviest rainfalls ever recorded in the United States occurred at Taylor, Tex., on Sept. 9-10, 1921, when 23 inches of rain fell during two days.

Tom Harmon Is Top Athlete

NEW YORK, Dec. 9.—(P)—By an overwhelming margin, Tommy Harmon, Michigan's great back, has been voted the outstanding male athlete of 1940 by sports experts participating in the annual Associated Press poll.

Thirty of the 71 press box seers who sent in their ballots named the Wolverine wow their No. 1 choice for his personal exploits in leading his team to a once-defeated season and for breaking Red Grange's record for scoring over a three-year period.

Hank Greenberg, Detroit's slugging outfielder, ran a weak second with 11 first-place votes and a total of 57 points to Harmon's 141. Points are counted on a basis of three for a first choice, two for second choice and one for third.

Bucky Walters, Cincinnati pitcher, placed third with 36 points, including six firsts, while Bobby Feller, Cleveland fireballer, gained fourth with 31 points and seven firsts. In all, 38 sports figures got their names in the balloting.

This is the second straight year that a football hero has grabbed the brass ring. Last year it was Niles Kinnick of Iowa, but he had a close brush with Joe DiMaggio of the Yankees before the polls closed, winning by eight points.

Heavyweight champion Joe Louis, who was the people's third choice a year ago, dropped to seventh this time, though his most recent opponents will wonder why in the world. He didn't receive a single No. 1 vote, whereas Jimmy Wilson, Cincinnati's veteran catcher and world series hero, got 4.

Title Goes To Fortuna Team

TIPTON, Mo., Dec. 9.—Fortuna defeated Pilot Grove here Saturday night, 29 to 26, to become the champions of Tipton's fifth annual high school invitational high school basketball tournament. In two overtime periods, Latham edged out Centertown 32 to 30 and Tipton defeated Clarksburg, 23 to 21, for the consolation award. The last two games preceding the finals were Fortuna 32, Centertown 28 and Pilot Grove 45, Latham 28. Trophies were awarded the winning teams and player awards went to Scott of Latham.

A.A.U. Forgives Disbarred Star

DENVER, Dec. 9.—(P)—Anigelo (Hank) Luisetti's return to amateur basketball after a profitable flyer in motion pictures was assured today, and some circles hailed the A.A.U.'s action in the case as precedent-smashing.

It isn't often that America's largest amateur sports body forgives a disbarred athlete, but the Ex-Stanford star's plea was granted with surprisingly little opposition at Sunday's closing session.

Other convention high spots:

1. Defeat of an attempt to stage the National indoor track championships under yardage measurements instead of the metric system.
2. Assurance to football players competing with Michigans' Tom Harmon in the New Year's day East-West game their future A. A. U. status would not be jeopardized if they ask A.A.U. for permission beforehand. Harmon is under an automatic ban from any A.A.U.-sponsored sport—football is not one—for taking a radio fee.
3. An A.A.U. recommendation to the American Olympic association that it give way to a United States Amateur sports confederation.
4. A decision to permit no A. A. U. athletes to compete in Germany.
5. Approval of about 250 of the 322 sports records offered for ratification.
